

FAMILY WORKSHOP

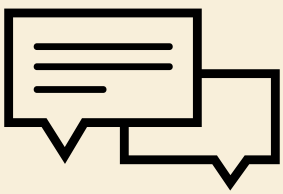

How will we now live?

SETTING YOU UP FOR SUCCESS

As you complete mediation, we teach you our method so you can manage conflict in the future.

KID FRIENDLY, MOM APPROVED

Don't be isolated as you begin your new life. We invite you to include your kids. We'll train all of you so everyone knows how to use their voice respectfully and to balance out power.

ALLOWING KIDS TO GRIEVE

Need help sharing with the kids the decisions? We can include this in your family workshop and create safe space for their responses to come out.

BUILDING A NEW FOUNDATION

This process is designed to equip you for your future - it'll act like an immune system to keep your family healthy. Allow us to invest in you - simply because we care about whole families.
